5-9 employees	Second Largest												
10-19 employees	Third Largest												
20-99 employees	Fourth Largest												
100-499 employees	Smallest												
<p><b>Publish Date:</b> 3Q 16</p>	<p>“Small businesses possess several characteristics that make them good targets for IT support services for large technology brands. These characteristics include high rates of technology adoption among companies; heavy dependence on technology for business-related activity; increasing technical complexity within companies’ IT infrastructure; and a lack of internal expertise within the company,” said Patrice Samuels, Senior Analyst.</p>
